Community Groups! Takeover our Airwaves!!

CFRC has launched its new 'Takeover' Project funded by the Community Radio Fund of Canada! Each week, we invite student clubs and community groups to join us in studio to talk about who they are, what they do, and why & how YOU can get involved. While reaching new audiences with community-building information and fun playlists, our listeners learn more about services, events, initiatives and more from the folks making it all happen!

We're thrilled to have Aara Macauley (ArtSci '04, MA '06) with us this year to run this beneficial program.

"As CFRC Takeover Project Coordinator, I assist with CFRC's campus and community outreach, including station takeovers, PSAs, tabling at events, and marketing activities. CFRC has been near and dear to me for a long time – before taking a role here I was a regular donor and even filmed a music video in the station. I value the diversity of music, ideas, and opinions CFRC broadcasts, and how the station gives community members a voice and space to listen and be heard."

Are you part of a campus or community group who wants to reach new audiences and spread the word about your activities? This program runs year-round and you can sign up to book YOUR takeover anytime through our [CFRC Takeover Application Form](#).
